shores of The Gareloch

The Future

Project 81 plans to increase both Community and Youth activities over the next year as we emerge from the difficult days of lockdown.

The Community Garden scheme is progressing and a grand opening is planned in September.

A fantastic range of activities are being planned for Summer for Route 81 and in the Autumn the refurbished Hub should be open to welcome young people for drop sessions and evening events as well as expanding the volunteering programme.

We hope to expand gym membership and introduce new pieces of equipment and we also hope to expand the scope of the Hostel for residential weekends.

The Future is looking bright.
